Term: 2019 Fall  
Campus ID: 9081347610  
College: College of Letters & Science

Dear Gautam:

On behalf of the Committee on Admissions, it is my pleasure to offer you admission to the University of Wisconsin-Madison in the College of Letters & Science. Our holistic admissions process is designed to seek out talented individuals like you; students who demonstrate a commitment to academic excellence while contributing to their schools and communities. You are an ideal candidate to carry out the Wisconsin Idea, the guiding principle that the university should improve people's lives beyond the walls of the classroom. I join our campus leaders in celebrating your achievements thus far and look forward to welcoming you in Fall 2019.

You can confirm your enrollment by accepting your offer of admission through your Student Center at **my.wisc.edu**. To review your next steps, please refer to the Admitted Student Checklist found at **admissions.wisc.edu/admitted**. This checklist provides you with important information regarding financial aid, campus housing, and orientation for new students. Pay close attention to deadlines and any official documents we will need to have on file before you arrive on campus.

As a student at the University of Wisconsin-Madison, you will be challenged to use what you learn both inside and outside of the classroom to make positive changes in your community and the world. As a graduate, you will be part of a vast family of more than 441,000 alumni living around the world. Your fellow Badgers will never be far away no matter where you plan to work and live.

Congratulations on your admission!

Sincerely,

André E. Phillips  
Director of Admissions and Recruitment
